

Your complete logistics solution...

Our pledge is to provide the best logistics solutions for your company, so that you can focus on your core business. We can manage your logistics challenges, demands and unique needs and mesh them with our expert supply-chain strategy, customized to meet your specific requirements. We have the experience, versatility and ingenuity to spark the right connections and tackle your toughest problems. We pride ourselves in getting the job done right and reducing your operational costs.

Allied Logistics is a family of companies based in the Mid-Atlantic region that delivers a full range of global logistics services. With our business assets based in Virginia and West Virginia, we offer a full-service contract logistics experience specializing in cost-effective design and management of product transportation, storage, distribution and other integrated services. We can partner with your company to increase your efficiency and drive down your distribution costs by combining the services offered by our affiliated companies. From our market base in the Virginias we can deliver a "best cost" product to your customers anywhere on the globe.

Allied Warehousing Services operates public and contract warehouses in Huntington, Charleston, and Parkersburg, West Virginia. Specializing in various and diverse clients and offering a wide range of warehousing services, Allied Warehousing Services handles 500 million pounds annually. With over 35 years experience and a national reputation for excellence, Allied Warehousing continues to grow and develop both its services and facilities, while emphasizing innovative solutions to serve its customers efficiently.

Services include:

- Public and contract space
- Chemical distribution
- Pharmaceuticals distribution
- Hazardous materials distribution

Allied Transportation Services operates throughout West Virginia and parts of Kentucky, Ohio, Virginia, Maryland, Pennsylvania and Tennessee. Allied Transportation provides specifically designed services with reliable, low cost delivery. Specializing in both truckload and less-than-truckload shipments, we can develop custom transportation programs to meet your needs, be it plant to warehouse, or local and regional deliveries.

Services include:

- Terminals in Huntington and Parkersburg, WV
- Regional, national and international freight services
- Integrated services for warehouse and processing accounts
- Dry van and flatbed hauling capabilities

Allied Processing Services offers blending, screening and packaging services to chemical companies in West Virginia and the surrounding market areas. Allied Processing gives its customers, specialty chemical manufacturers, the ability to alter specific batches of products, so that they meet varying customer specifications just in time. Typically Allied Processing processes inventories stored with Allied Warehousing, and it establishes dedicated lines for each customer's exclusive use. Processing 20 million pounds annually, Allied Processing is strategically located in the Kanawha Valley with operations in Nitro, West Virginia and the Ohio Valley with facilities in Kenova and Parkersburg, West Virginia. Allied Processing is registered with the FDA as a cGMP compliant Bulk Excipient Pharmaceutical Manufacturer.
